

**STUDENT CLUBS & ACTIVITIES (SECONDARY)****Policy**

The Orleans Central Supervisory Union will maintain a student activity program appropriate to the maturity of students and as varied as staff and facilities permit. The program will be designed to offer for the greatest number of students worthwhile leisure time interests, wholesome recreational and social activity, and opportunities to develop skills in democratic and cooperative management for these activities.

Clubs and activities may be (1) school-sponsored and related to the curriculum, (2) student-run and not related to the curriculum, or (3) community-sponsored and not related to the curriculum. This policy addresses the first two categories. The third is addressed in the school district policy on Community Use of School Facilities.

- I. School-Sponsored Curriculum-Related Groups
  - A. Curriculum-related groups are the only type entitled to school sponsorship. The controlling factor in deciding whether an activity will be sponsored by the school will be whether that activity is directly related to the school's curriculum. No activity that is not directly related to the curriculum or educational mission of the school will receive sponsorship, regardless of whether it meets the other criteria for sponsorship.
  - B. Activities or clubs which meet at least one of the following criteria will be considered curriculum-related.
    1. The subject matter of the student group or club is actually taught or will be taught in a regularly scheduled course.
    2. The subject matter of the group or club is such that it concerns the body of courses as a whole.
    3. Participation in the group is required for a particular course.
    4. Participation in the group results in academic credit.
  - C. The Principal [or Superintendent] will approve new requests for activity sponsorship based on the following considerations.
    1. The potential of the activity to help participating students meet the goals of the school's curriculum.
    2. The level of student interest in the activity;
    3. The fiscal ramifications of sponsorship;
    4. The availability of qualified personnel to supervise the activity; and
    5. The impact of adding or eliminating the activity on the balance of types of activities available in the total activity program.
  - D. All school-sponsored activities will be under the ultimate control of the School District and will comply with all policies and procedures of the school. The Principal [or Superintendent] may set standards for academic eligibility for participation in these activities.

### II. Student-Run Noncurriculum-Related Groups

- A. A student-run noncurriculum-related group, or “student group”, is one that is created by students, run by students, and provides activities for students. If a group or club is organized or run by adults, even if students attend its meetings, then it is a community-sponsored group and must comply with Policy H3.
- B. Student groups, clubs or activities may use school facilities and have access to such things as the public address system, bulletin boards, and publications<sup>1</sup> provided that an equal opportunity is given to all student groups. If the District opens its facilities to any student group, then it must provide the same opportunities to all other student groups. A fair opportunity will be provided to non-sponsored student groups wishing to conduct meetings on school premises during non-instructional time provided that:
1. Any such meeting is voluntary and student initiated;
  2. There is no sponsorship of the meeting by the school, the government, or its agents or employees;
  3. Employees or agents of the school or any governmental entity are present at religious meetings only in non-participatory capacities;
  4. The meeting does not materially and substantially interfere with the orderly conduct of educational activities within the school; and
  5. Non-school persons do not direct, conduct, control or regularly attend activities of student groups.
- C. Listings and notices referring to non-sponsored clubs or activities will include a disclaimer of school sponsorship or endorsement. District faculty and staff may only be present at activities of student groups as monitors for keeping order.
- D. The Superintendent [or Principal] may do the following with respect to student groups, as long as the same rules are applied to all student groups:
1. Adopt rules to prohibit lewd and obscene speech
  2. Prohibit student groups from using school facilities if they are likely to cause material or substantial disruption of school operations
  3. Impose time, place, and manner restrictions, and
  4. Require parental permission for student participation.
